Career Objective

With over three years of experience in the engineering sector, I have strengthened my coding skills in Java and Python and developed a keen understanding of modern software development practices. I am passionate about exploring emerging technologies such as Web Development to contribute to innovative, impactful solutions as an Engineer.

Education

Bachelor of Technology, GMR Institute of Technology

2022 – 2026 | Rajam

Branch : Computer Science & Engineering

Intermediate, KSK Girls Junior College

2020 – 2022 | Bhattiprolu

Stream : MPC

S.S.C , T.M.Rao High School

2019 – 2020 | Bhattiprolu

Skills

Programming Languages

C,Python,Java

Frontend Technologies

HTML,CSS,JavaScript,
React,Angular

Backend Technologies

PHP,NodeJs

Soft Skills

- Communication
- Quick Learner
- Problem Solving
- Goal-oriented
- Adaptability

Database

MySQL,MongoDB

Tools

Git,GitHub,PostMan

Projects

Student Event Registration System

Technologies : React, MongoDB,expressJs,NodeJS,CSS

Automatic Question Paper Generator

Technologies : HTML,CSS,JavaScript,PHP,MySQL

Portfolio

Technologies : React,HTML,CSS

Internship

Community Development Intern

06/2024 – 07/2024

Z.P High School,Pogiri

- Trained 120+ students in Python, Microsoft Office, and fundamental computing skills; designed and implemented a **School Admission Form Project** using HTML, CSS, and JavaScript with Excel integration to enhance administrative efficiency.

Certificates

Certified System Administrator

-By ServiceNow

Certified Application Developer

-By ServiceNow

Ethical Hacking

-By NPTEL

Web Development

-By ProdigyInfotech

Object Oriented Programming in Java

-By Coursera

NCC Certificate

-By NCC

Python(Basic) Certificate

-By HackerRank

AWS Academy Cloud Foundations

-By AWS

Top SQL interview Questions

-By CodeChef

Achievements

solved 500+ problems on codechef 

4★ coder in python on hackerrank
